

ISO 14001: 2015 INTERNAL AUDITOR

Internal auditing is one of the fundamental activities for maintaining a Management System and assessing compliance with specified requirements.

And with Continual Improvement being one of the key Environmental Management Principles of ISO 14001, internal auditing goes beyond compliance and becomes one of the key drivers of business improvement.

This 2-day CQI and IRCA Certified ISO 14001 Internal Auditor training course is designed to teach individuals to plan and conduct internal EMS audits, and to play a full and active role in:

- ensuring the adequacy of an Environmental Management System (EMS)
- ensuring that the system is in conformance with ISO 14001:2015
- managing the effectiveness of the documented system and efficiency of the operation
- identifying opportunities for process and business improvement
- identifying and managing of legal compliance
