

## PEARSON ONLINE ENGLISH

English fluency has never been more important than in today's job market. But every learner is different.

Pearson Online English offers an unprecedented, personalised digital learning experience. Our uniquely personal, digital approach boosts employability because we empower individuals to learn English with a focus on educational discipline, career goals, and individual proficiency level.

Learners start by taking the Proficiency Assessment, giving them and you true visibility of their English level, against global standards. They will return to this assessment every three months, so they can see the progress they are making.

Support your staff to succeed in English with this highly personalised approach to self-study.

Pearson Online English builds proficiency in English by adapting to your employees unique learning needs in real time. Learners can choose units matched to their interests from **75,000** hours of authentic content - updated daily in line with current affairs - while regular proficiency assessment helps you and them understand their progress against global standards.

Pearson Online English builds not only English proficiency but also autonomous learning skills key to developing the employees you need.
